# Overview of the business

---

<b>Introduction</b>	This is an exciting opportunity for an optometrist looking to acquire a franchise in a vibrant London location. This would particularly suit an individual looking to run a practice with the benefit of back-office support. The practice has 2 testing rooms to accommodate double testing as required.
<b>Location</b>	<p>This standalone practice is located on a busy thoroughfare linking Central London to NW London and beyond. Situated alongside well-known retail outlets, the vicinity has high levels of footfall and is served by frequent bus services. An overground station is located 2 minutes-walk from the practice and the nearest underground station is a 5-minute walk away.</p> <p>The area has a mixed demographic and a large residential catchment population surrounding the locality of the practice.</p>
<b>Potential</b>	There is potential to re-introduce Sunday opening hours which stopped after the Covid lockdown in 2020.
<b>Competition</b>	The practice has immediate competition from 1 multiple and 2 independent practices.
<b>Reason for sale</b>	The owner wishes to move into alternative roles within optics.
<b>Price Guide</b>	<p>Offers are invited in the region of <b>£410,000</b> for the whole business (100% Shares of the limited company).</p> <p>On completion, a net asset adjustment will be made to allow for stock, debtors, cash at bank and creditors/liabilities (including any director loan accounts). 60 days after completion, a formal set of completion accounts is to be provided by the vendor's accountant and agreed by the purchaser's accountant to reflect the final cash position. Any cash in the bank will be swept up by the net asset calculation and any excess paid over on completion of these accounts.</p> <p>For more information on a Share Sale please discuss with your accountant.</p>
